phia, which will probably go into commission June 1. It has been unofficially stated that she, too, will go to Manila, in which case this coast will be left without a warship. The Wheeling has been ordered from Seattle, but will have to be overhauled be-

fore she can go into active service. Nearly 3,000 more soldiers were stided to-day to the number aiready encamped here, numbering over 5,000. To-day's arrivals rep-resented the states of Colorado, Minnesota, Kansas and Wyoming. Every ferryboat from Oakland Mole bore

its load of soldiers. The troops commenced arriving on this side of the bay about 7 o'clock this morning, and arrived in de-tachments of about 400. As they marched off the steamers, the sides of the Red as Society appointed themselves leader and headed the travel-weary soldiers to the beadquarters of the society, where eatables and drinkables awaited them.

Not a man was allowed to go away hungry, and to say that the boys were pleased with their reception is puriting it mildly; but to crown the evidences of good will displayed by the ladies of the Red Cross. each soldier was presented with a small bouquet of California flowers. These tokens were placed in the barrels of their rifles, and as the men marched up Maradded greatly to the attractive appearance

The troops marched through the city streets toward Camp Richmond all morning long, and every detachment was received with cheers and volleys of flowers.

arrivals marched in better order than those of their predecessors, and as every regiment had a band, there was plenty of martial music.

they were an exceedingly clean and orderly lot and marched with the air and precision Colorado turned out the greatest numbe

of men, and they were the best equipped They lacked nothing in the way of outfits, and their band is the best that has arrived bere with the Eastern troops Their soldierly bearing attracted great admiration and, mingled with the regimental cry of the Colorado boys, were the cheers usands of interested spectators.

WAR REVENUE BILL CHANGES. Senate Committee on Finance Agree Upon a Number of Additional

Amendments. WASHINGTON, May 21.-The senate committee on finance agreed upon a number of additional amendments to the war revenue bill and in one or two instances returned to the house provisions. The most notable change of the latter character was the tobacco schedule, the house rate of 12 cents per pound on manufactured tobecco being restored. The rate-on cigars weighing less than three pounds per 1,000 was increased from \$3.50 to \$3.60 per 1,000. changed, though there was an effort to restore the house rate of \$2.

The provision in regard to life insurance companies was changed so as to provide that the tax rate upon mutual companies of the industrial order should be one-half the rate upon other life companies.
uniform license of \$12 was also impos upon insurance agents and the provision for a \$50 license for foreign insurance agents was eliminated.

A number of changes were made in schedule B, which relates to proprietary articles, but the members of the commit-tee expressed themselves as quite dissat-lefied with this schedule after the com-

"It is like trying to perfect the imper-fectable," said one of them. One amend-ment made in this schedule specifically excludes mineral waters from the operation excludes mineral waters from the operation of the schedule. This was done in order to cifically mentioned, they were liable to taxcation as a drug under the general provisions. Another amendment agreed upon to

Casualties. No one has been hurt or secasualties. No one has been hurt or seriously ill. Near Laramic, the cylinder of

Casualties and the trains

Was baddy torn up, but note of the cupants were seriously hurt. The wreck

was cleared by 1 o'clock and the trains

were resumed.

from its operation.

The committee also agreed to take up the corporation tax in the senate at the ing of the week, reserving the discussion of the bond question as the last sub-ject to be debated in connection with the bill in the senate. There is considerable uncertainty as to the time that will be consumed in discussing the corporation ques-tion, and also some uncertainty as to the result of the vote upon it. The best opin-ion is that the greater part of the amenders hope that it may be retained in modified

NO CLEARANCE FOR COAL.

None Will Be Allowed to Be Shipped Through Southern Waters Without Special Permission.

WASHINGTON, May 21.—Assistant Sec-retary Spaiding has issued instructions to collectors of customs on the Atlantic seaboard to the effect that, while the Spanish fleet is at large in the waters of this continent, all applications for clearance of vessels laden with coal for West Indian, Mexican, Central American and South American ports must be referred to the treasury department with recommendations before the same is issued. This order, which is intended to prevent coal from being sup-plied to the Spanish fleet, will be revoked whenever the Spanlards leave American waters or are destroyed by our squadrons. Should the report of the collector which must accompany the application for clearance prove entirely satisfactory, orde granting the clearance will be issued immediately, but should it contain any elements of uncertainty as to its final destination or ultimate purpose, a thorough in-vestigation will be made.

Want to Go to the Philippines.

WASHINGTON, May 21.—Colonel Russell Hundred and Fifty-ninth Indiana be assigned to service in the Philippines. Senator Teller has also presented the request

the vessel will coal at sea. If the Monterey leaves this port the only ship of any power available on this coast will be the Philadel-

SHOWERED WITH FLOWERS AND FED WITH DELICACIES.

Colonel Little Was the First Officer to Report to General Otis-Everything Is in Good Shape at Camp and Boys Are

All Well.

BAN FRANCISCO, CAL., May 21.-(Spe-

cial.) The entire Twentieth regiment of Kansas volunteers is now fully established street, the flower-tipped destroyers in camp at Bay district race track. The first battallon, under Major Whitman, arrived yesterday afternoon at 4 o'clock and immediately went into camp. The second battalion, under Major Metcalf, arrived at 6:30, and proceeded to camp. They put up only a few tents and were late getting to sleep. Major Metcalf spent the night with his men on the ground. The third bat-Minnesots turned out the fiscat body of talion, under Captain Buchan, arrived men, so far as physique is concerned. Over about 8 o'clock at Oakland. Lieutenant a thousand men represented that State, and Colonel Little telegraphed to the partment at Washington and arranged to have the men kept over night in the cars, thus saving them the very disagreeable duty of pitching camp at night.

Colonel Little was the first officer to report to General Otis since the latter came

here to take command. All the battalions marched from the ferry to the camp, a distance of six miles, and every man stood the march without incon-

No one was worn out. All the battal-ons were vigorously and enthusiastically cheered as they marched through the streets. In fact, the regiment has received an ovation at every point in Californis. At Sacramento, men and women simply thronged the cars, demanding of boys their autographs, buttons and hardtack as souvenirs. It would take 200 rounds of buttons a day to supply the demand.

When the men arrived on this side of the bay they were taken in charge by the ladies of the Red Cross Society, who had been up all night preparing refreshments for them. Each man was served with sandwiches and coffee and presented with a California rose. The men were over-whelmed with kindness and gave cheer upon cheer for the Bociety of the Red Cross.

As they marched up Market street on their way to the old race track, now known as Camp Richmond, they were given a great reception by the people wi ned the sidewalks. As they passed the street corners the soldiers were showered

with flowers.

To-day people have brought caffee, fruit

There are over 11,000 of Uncle Sam's mer now quartered in this city and about 5,000 more are scheduled to arrive next week.

The camp has been fully established.

Water has been piped to the grounds and camp kitchens are working effectively. The | train. the schedule. This was done in order to ever, are excellent for battalion, regimentset the very general objection that, while al, brigade or battle drill. Altogether, the laski and Lane were stationed. This car

> the engine pulling the train bearing Major Metcalf's battalion was blown out, but no one was hurt and no serious delay re-

suited.

The regiment will be vigorously drilled from now on, and there is a determination on the part of officers and men to make it the best in the volunteer ser CLAD HAMILTON.

TREATY TO BE NEGOTIATED. another Attempt to Be Made to Settle All Controversies With

Canada.

WASHINGTON, May 21.-Negotiations will begin next week between the officials of the state department, the British ambassador, Sir Julian Pauncefote, and the Canadian minister of marine, Sir Louis Davies, which are in the nature of a preiminary step toward a convention, or trenty, between the United States and Great Britain, clearing up numerous long pending controversies existing between this country and Canada. Efforts along that line have been made in the past, but have falled of a satisfactory conclusion. The work is now taken up again under more favorable circumstances, and the various

parties interested are hopeful that a com-

mon ground of understanding will be

reached. It is expected that this step toward a friendly settlement of all the questions at saue between the United States and Canada will be regarded in foreign quarters as quite significant, and as an outgrowth of the recent friendly sentiments exhibited between Great Britain and America. At the British embassy, do not give to the coming meeting a significance beyond what it bears plainly on its face, namely, a desire to reach a friendly adjustment of the long pending border controversies between the United States and Canada. It B. Harrison has submitted a petition to the is said the adjustment of these controver-war department asking that the One sies would be a sufficient accomplishment in itself, without giving the meeting a broader meaning, as an evidence of the

time opportune for negotiations which will bring the final results so long desired by oth parties. The border controversies which have long

been at issue and which will be included in the coming negotiations are: The protection of fish in the Great lakes TWENTIETH REGIMENT WELL LO. and the long standing North Atlantic fishery question, which dates from 1818, in-cluding the troubles created by the allen labor laws of the two countries; border immigration, mining regulations in the Klondike and elsewhere, and the Bering BOYS HANDSOMELY TREATED

ea seal question. Each of these questions has had acute tages from time to time, but there is no definite agreement on any of them and the desire is to include them all in an agreenent satisfactory to both parties. They cover much ground, and it is appreciated that the discussion may be attended with some difficulties. The question of reciprocity will be considered, but it is toler ably certain that any measure which may e mutually agreed on will not be wide enough to unduly disturb existing indus tries on either side of the boundary. When ir Wilfrid Laurier, the Canadian premier, and Sir Louis Davies visited Washington some months ago, they desired to have the reciprocity question considered with the others, and the president is understood to be extremely desirous of meeting Sir Wilfrid's views as regards that and all other matters.

Sir Julian Pauncefote conferred with Sec retary Day to-day and arranged the pre-liminaries of the coming meeting. Later, Judge Day had a long talk with General John W. Foster, who has heretofore had charge of the Canadian negotiations, and who may be connected with those about to begin, though the personnel of the American side has not been definitely settled. It is not known who will be appointed on the British-Canadian side.

Sir Julian will, of course, be one of the commissioners ex officio, and the other two will be Canadians, probably Sir Richard Cartwright and Sir Louis Davies. It is hoped here that Sir Wilfrid Laurier himself may be able to act as one of the Canadian commissioners as his presence on the tribunal could not fall to have a good effect. The commission may meet at Ottawa, the capital of Canada.

SOLDIERS IN A WRECK.

One St. Louis Volunteer Killed and Several Others Injured Near Chicksmauga.

CHICKAMAUGA NATIONAL PARK, GA., May 21.-A passenger train on the Chattanooga, Rome & Southern railroad, which left Chattanooga at 8:40 o'clock this morning, ran into the third section of the military train conveying the first Missouri volunteers, who arrived at Chattanooga last night, near Rossville, Ga., killing Private George M. Walker, Company D, and painfully injuring A. Maynard Lane, Company M: Howard Brolaski, Company D, and slightly injuring several other occupante of both trains.

It appears that the passenger train had orders to run through to Rossville; and the second section of the military train with a portion of the First Missouri, which was expected to run through to Rossville, was delayed at a switch about a falle from Rossville, on account of the congested con curve. The conductor of the military train sent back a flagman to warn the passenger train, but the flagman did not go far enough, and the passenger train came around the curve at the rate of about twenty miles an hour. The engineer did not see the danger signal until within a short distance of the military train. He reversed his engine and put on brakes, which crashed into the rear of the military

eral waters were eliminated where spe-camp is a fine one.

The trip west was singularly free from cupants were seriously hurt. The wreck

Following are the killed and injured: George M. Walker, Company D; killed. Howard Brolaski, Company D; left hip

R. D. Leidel, Company H; back sprained and led bruised; not serious. Dr. G. A. Baxter, surgeon of the Southern railroad, was put in charge of the wounded and had them taken to St. Vincent's infirmary, of the Catholic Sisters of Charity, where all are doing well in pleas-

ant surroundings.
Engineer Wheeler and Fireman Hanby. of the passenger train, were arrested by Lieutenant Colonel Cavendes, and taken under guard to the park. They were aft erward turned over to the civil authorities A trial will be had to-morrow and a judi-

cial investigation ordered. General Boynton, John Jacob Astor and a senger train, but none of them was hurt. Several passengers were bruised by being thrown against the stumps, etc., but none

seriously injured. The First Missouri, after the accident, reached the park without further incident and was assigned to camp and placed in the Third corps.

ST. LOUIS, May 21.-The first Missouri volunteer infantry, whose train was wrecked near Chattanooga to-day, is a St. Louis regiment. It is composed of the flower of St. Louis' young men, who, to the name of 1,050, responded to the call of President the same time, the officials here, those of the state department as well as those of the regiment, under command of Colonel Edwin Batdorf, left Jefferson barracks, near this city, over the Illinois Central railroad, in three sections for Chickamauga,

A Pop War Revenue Scheme. TOPEKA, KAS., May 21.-(Special.) The opulists of Lyon county demand that the government adopt the single tax plan of aising revenue to prosecute the war with Spain. They hold that an annual tax of friendly feeling between Great Britain and 1 per cent levied against all land values of the Colorado infantry to be sent with the United States. That feeling has doubt- less led, however, to making the present exclusive of improvements will easily

ACTIVITY AT PORT TAMPA. Big Fleet of Transports Being Put in Readiness for Carrying

Troops. TAMPA, FLA., May 21.-In a general order issued to-day Major General W. R. Shafter formally assumed command of the Fifth army corps, composed of the United States forces at Tampa and vicinity.

Major General Wade with his staff left

for Chickamauga to-day. Brigadier Generals Poland and Estes also left for Chickamauga, where they will report to Major General Brooke, of the First army corps. Renewed activity is noticeable at Port Tampa, where a big fleet of transports is being put in readiness. The Plant line be the flagship of the transports when the movement upon Cuba takes place, has been placed in the slip and is in the hands of carpenters, undergoing alterations for her use as a transport. Several other big steamers have arrived, including the Ward line boats Seneca and Saratoga.

Important developments of a highly im-portant character are looked for in the near future. That any orders looking toward a movement of troops toward Cu has been received is extremely doubtful. Nevertheless, everyone expects prompt action here, following a meeting between the fleets of Sampson and Schley and the Spanish fleet, and news from Cuban waters is eagerly looked for. Under orders of General Greely, chief of

the signal department at Washington, W. A. C. Fellers, of the Western Union Telegraph Company, was to-day sworn in as government censor of all telegraph business except newspaper specials. These will, for the present, continue to go through the hands of Lieutenant Miley, of General Shafter's staff. The hours during which the newspaper correspon have their matter passed upon are limited, on account of the short time Lieutenant Miley is able to devote to his new duties, and for this reason a vigorous protest has been made. It is very probable that an official censor will be appointed within a under the present arrangement, done away

William Astor Chandler, who was recently appointed a major of volunteers, was today attached to the staff of Major General Wheeler. He has turned over the command of his band of volunteers to his brother, Winthrop Chandler, who arrived in Tampa from New York.

General O. O. Howard, who for the past week has been conducting religious meetings among the troops at Tampa, will leave to-morrow night for Mobile, thence to Kentucky. He will be accompanied by Major D. W. Whettle.

SOME QUOTAS NOT YET FULL Several States Are Having Difficulty in Raising Their Share

- of Troops. WASHINGTON, May ZI .- Up to to-night 110,000 men had been mustered into the volunteer army. Reports have been re-ceived here showing that in several states there has been great difficulty in filling the apportionment made to them by the war department. It has not yet been definitely determined just what action will be taken in the case of these attates if they do not, within a reasonable time, muster the number of troops asked of them.

With to-day's arrivals 3,500 volunteer solders are under canval at Camp Alger.

her are under canvals at Camp Alger, he diphilization point near Falls Church, Va. The enthusiasm of the soldiers over the departure of the First regiment of District of Columbia volunteers was dampened by the first death to occur in the camp, that of Private Thomas Bloodsoe, of Rock Island, Ill., one of the popular vol-unteers from that state.

Owing to the inadequate water supply some alarm is felt that typhoid fever may gain a foothold. Two cases, one fatal, already have made their appearance and strenuous efforts are being put forth to avoid its spread. Private Bloodsoe was 19 enlistment. For three weeks the regiment was quartered in an old building with damp cement floors and to this, rather than

the camp, his case is attributed. Mrs. Susan A. Glenn, widow of a soldier and mother of a volunteer in the First regiment, District of Columbia volunteers. has resigned her position in the postoffic department to go to the front with her son. She is a member of the Women's Patriotic Industrial Relief League and the first woman to be appointed matron of a daughters remain at home to devote their services to the league which is organizing a corps of women to send to each of the regiments to care for the clothes of the

following Missourians enlisted here this week by Lieutenant Fuller, of the Second United States cavalry, left to-day and tonight for Fort McPherson, Ga.; Robert Keller, Robert McCurdy, Emmet McClure, J. D. Robinson, Leroy English, George Hearn, Walter Moore, Benson Moore, Homer Walden, Robert D. Clemens, Leo Bybee, William N. Baugh, Nicholas R. Sprinkle, Henry L. Day, Albert W. Bub-letz, Thomas W. Robinson, Albert L. Starks, Sedalia; John R. Miller, W. A. Wood, Robert G. Jones, Warrensburg; W. J. V. Johnson, Joseph B. Fuqua, Luther W. B. Wise, Calhoun; Dan O. Frazier, Cass county; John W. Allen, Warsaw; Ernest Smiley, Beaman. Up to to-night 320 men have been sent to the front from Sedalia alone, and before leaving for Brook-field to-day Lieutenant Fuller stated that he knew of no other city in the United States, population considered, that could make as creditable a showing. There have been a few instances of would-be bloods working up patriotism and getting others feather themselves and the stigma of cowardice promises to attach to them as long as they reside in this community. WARRENSBURG, MO., May 21 .-Lieutenant Rufus E. Longan, of the Elev

enth U. S. infantry, arrived in this city this morning and opened a recruiting office for the purpose of securing recruits for the regular army service. A large number of young men have tendered their services and will be accepted if found physically

COWBOY TROOPERS IN CHICAGO The Advance Guard of Colonel Grigaby's Regiment Passed Through

That City Yesterday.

CHICAGO, May 21.—The advance guard of Colonel Grigsby's cowboy regiment arrived in Chicago from Sioux Falls to-day. Large crowds greeted the train and the ocomotive slowed up to allow the crowds to exchange compliments with the soldiers cheered and waved flags and in other ways demonstrated their appreciation of the reception. The train consisted of five passen were two companies, containing altogether 186 men. All were dressed in regulation cowboy costume, broad sombreros, etc., with long pistols strapped to their sides. The train proceeded to the stock yards to unload the cars and give the tired men and their hardly less wearled bronchos a chance a stretch their limbs.

The Grand Struggle for Supremacy

Is likely to be prolonged beyond our most hopeful anticipations. Another call by the Pres ident would likely mean another hundred thousand soldiers to feed, which would undoubtedly shoot the prices of staple groceries still higher. Hundreds of people who read our advertisements accepted our advice to "stock up" and now thank us for it. We believe the advice as timely now as a month ago. The prices quoted below will be for

MONDAY, WEDNESDAY AND THURSDAY.
